| • Full Stack Development Intern- LearnLogicify Technology | June 2025 |
|---|-----------|

PROJECTS

Portfolio | HTML, CSS

- Designed and developed a personal portfolio website to showcase skills, projects and learning journey.
- Implemented clean layouts using CSS Flexbox, custom color themes and responsive design principles.
- Structured content with semantic HTML to improve readability and maintainability.

Product Selling Website | HTML, CSS, JavaScript

- Built a static product-selling website showcasing multiple honey products with descriptions and pricing.
- Designed visually appealing product cards with consistent styling, hover effects, and call-to-action buttons.
- Focused on user-friendly layout and branding to simulate a real-world e-commerce interface.

To-Do List Application | HTML, CSS, JavaScript

- Developed an interactive to-do list application allowing users to add, delete, and manage daily tasks.
- Implemented DOM manipulation and event handling for real-time task updates.
- Enhanced usability with simple UI design and organized task flow.

MIMIX Edu Box - AI-Based Multilingual Learning Device (Team Project)

- Designed an AI-powered hardware solution to provide real-time multilingual audio dubbing for classrooms.
- Addressed language barriers faced by students by enabling mother-tongue learning support in offline/low-connectivity environments.
- Integrated microphone input, AI translation, and text-to-speech modules to assist inclusive and accessible education.

TECHNICAL SKILLS

- Programming Languages: Java
- Web Technologies: HTML, CSS, JavaScript
- Database: SQL

CERTIFICATIONS

- Programming using java -Infosys Springboard.
- Java foundation -Infosys Springboard.
- Full Stack development - NoviTech R&D Private Limited.
- Java Programming – Sanfoundary.

COMPETITIVE PROGRAMMING

Leetcode : Max rating - **1459** | Problems: **50+** | Global Rank: **775425**.

Codechef : Max rating - **1033** | Position: **1** Star | Problems: **300+** | division **4** |Global Rank: **168304**

ACHIEVEMENTS

- Successfully completed NPTEL course “Problem Solving Through Programming in C,” gaining strong fundamentals in logic building and C programming.
- Finalist at Smart India Hackathon (SIH) 2025, recognized for developing an innovative real-world problem solution.
- Actively participated in a College-Level Women’s Hackathon, contributing to team-based problem solving and innovation.
